Container size descriptions:

- SP3 3" pot
- SP4 4" pot
- SP5 same as #1 not as deep
- #1 just under a gallon
- #1B true gallon size
- #2 2 gallon
- #2B a little larger than #2

In most instances I have quoted plant size; pot sizes where plant size wasn't noted.

These are only estimates! If you want to research a really confusing topic, look up nursery pot sizes on the internet and take 2 aspirin because it's a maze of info! LOL, Jeannie
